"Local radio stations play an important role in their communities, providing local news, information and entertainment to residents, and generally serving as good corporate citizens in the local community life. This is particularly true in smaller towns, where the radio stations are limited in number. Yet there are still rural areas of our country that do not have even one local radio station."² The proposed channel 274A will provide additional diversity and an outlet for local self-expression to Lone Wolf residents and therefore is in the public interest.

Should this petition be granted and Channel 224A allotted to Lone Wolf, Petitioner will apply for Channel 224A at Lone Wolf, Oklahoma and after it is authorized, will promptly construct the new facility.

The factual information provided in these Comments is correct and true to the best of my knowledge.

Respectfully submitted,

Charles Crawford
